Prepared For:

Joke Murgan & Co

No. 10 Bria Street,

Wuse 2, Ademola Adetokunbo,

Abuja, Nigeria.

1. EXECUTIVE SUMMARY

Thank you for the opportunity to present this proposal for the development of **LegallySwift**, a groundbreaking digital ecosystem designed to bridge the gap between Law, Entrepreneurship, and Technology in Nigeria.

Yemars Tech is excited to partner with Joke Murgan & Co to build a robust platform that will serve legal practitioners, entrepreneurs, businesses, and the general public. This document outlines our understanding of the project, the scope of work, deliverables for the Demo (Blueprint) and the Full Build, the timeline, and the investment required.

2. PROJECT UNDERSTANDING & VISION

LegallySwift is envisioned as more than just a website. It is a comprehensive multi-vertical platform integrating:

- **Law:** Verified lawyer directory, legal resources, and secure client-lawyer engagement.
- **Innovation & Technology:** Resources and articles on tech law, AI, and digital transformation in Nigeria.
- **Sustainability:** Content and legal guidance on ESG (Environmental, Social, and Governance) and green business compliance.
- **Fashion:** Legal support for the creative industry, including Intellectual Property (IP) protection for designers.
- **Journals:** A digital repository for legal and business journals, case law summaries, and articles.
- **Entrepreneurship:** Tools, templates, and guides to help Nigerian startups and SMEs thrive.
- **News:** Curated updates on legal and business developments across Nigeria.
- **Subscription:** A monetization model providing premium access to exclusive content, tools, and courses.
- **Training/Classes:** Online courses, certifications, and webinars for legal practitioners and entrepreneurs.

The platform will leverage modern technology to ensure scalability, security, and a seamless user experience, positioning LegallySwift as a leader in Nigeria's legal-tech space.

3. SCOPE OF WORK

3.1 Core Modules & Features

Module	Description
User Management	Secure registration, login, and role-based dashboards (Client, Lawyer, Admin).
Lawyer Directory	Searchable and filterable directory of verified lawyers. Includes profile pages with credentials, practice areas, and fees guided by the Legal Practitioners Remuneration Order.
Legal Resources	Access to legal templates, contracts, and research tools (with potential white-label integrations).
E-Learning / Training	Course catalog, enrollment, progress tracking, and certificate generation.
Journals & News	Content management system for publishing articles, case analyses, and industry news.
Subscription System	Tiered membership plans (Free, Premium, Business, Lawyer Pro) with payment gateway integration.
Escrow & Payments	Secure payment holding (escrow) for legal services, with automated release on completion.
Admin Dashboard	Full control over users, content, courses, subscriptions, and revenue tracking.
White-Label Ready	Architecture designed to allow integration of third-party legal tools under the LegallySwift brand.

3.2 Revenue-Generating Features

The platform will be built to generate multiple streams of income:

1. **Subscriptions:** Monthly/Annual fees for premium content and tools.
 2. **Lawyer Listing & Lead Fees:** Paid listings and commission on client engagements.
 3. **Escrow Transaction Fees:** Percentage-based fee on secured transactions.
 4. **Course Sales:** One-time payments or subscription access to training.
 5. **Sponsored Content & Advertising:** Revenue from law firms and legal-tech companies.
 6. **White-Label Licensing:** Licensing the LegallySwift technology to other firms or organizations.
-

4. DELIVERABLES

Phase 1: Demo / Blueprint (₦100,000)

To be presented on **Monday, 17th August 2026** . This phase is designed to give a visual and functional representation of the final product.

1. **Interactive Prototype:** A clickable demo of the platform.
2. **UI/UX Design:** High-fidelity design for the Homepage, Dashboard, and core pages.
3. **Key Page Demonstrations:**
 - Homepage (overview of all verticals)
 - Lawyer Directory (with sample profiles)
 - Courses & Training (sample catalog)
 - Journals & News (sample articles)
 - Pricing/Subscription Page
4. **Dashboard Previews:** Mockups of the Client, Lawyer, and Admin dashboards.
5. **Revenue Model Presentation:** A short document explaining the monetization strategy.
6. **Deployment Preview:** Access to a live demo link hosted on Vercel.

Phase 2: Full Project Build (Balance: ₦500,000)

Upon approval of the demo and payment of the balance, the full platform will be developed, tested, and deployed.

- 1. **Complete Backend & Frontend:** All modules fully functional.
- 2. **Authentication System:** Secure sign-up, login, and role management.
- 3. **Payment Integration:** Full integration with stripe and Paystack.
- 4. **Content Management System (CMS):** Easy-to-use admin interface to manage news, journals, and courses.
- 5. **Escrow System:** Automated holding and release of funds for legal services.
- 6. **Mobile Responsive Design:** Flawless performance on mobile phones, tablets, and desktops.
- 7. **Deployment:** Live deployment on Vercel with a custom domain www.legallyswift.com.
- 8. **Documentation & Training:** User manuals and a training session for the Joke Murgan & Co team.

5. TECHNOLOGY STACK

To ensure security, speed, and scalability, Yemars Tech will build LegallySwift using a modern, industry-standard stack:

Layer	Technology
Frontend	Next.js (React framework)
Backend	Next.js API Routes / Serverless Functions
Database	Supabase (PostgreSQL)
Authentication	Supabase Auth
Storage	Supabase Storage / AWS S3
Hosting	Vercel

Layer	Technology
Payments	Paystack (Local Nigerian support) Stripe INT
Email Services	Resend

6. TIMELINE

Phase	Activity	Duration
1	Demo / Blueprint Development	By Monday, 17 th August 2026
2	Approval & Feedback	1–2 days after demo
3	Full Project Development	4–6 weeks after balance payment
4	Testing & Quality Assurance	1 week
5	Deployment & Go-Live	2–3 days
6	Training & Handover	1 day

7. INVESTMENT & PAYMENT SCHEDULE

Milestone	Amount	Description
Demo / Blueprint	₦100,000	Due now. Payment confirms the start of the demo build.
Full Project Balance	₦500,000	Due after demo approval, before full development begins.
Total Investment	₦600,000	Total project cost.

8. NEXT STEPS

1. **Review & Confirmation:** Kindly review this proposal and confirm acceptance.
 2. **Presentation:** Demo presented on Monday as agreed.
-

9. CONCLUSION

We are excited about the possibility of partnering with Joke Murgan & Co to bring **LegallySwift** to life. We believe this platform has the potential to transform how legal services and entrepreneurial resources are accessed in Nigeria.

Thank you for considering Yemars Tech.

Sincerely,

Edidiong Edem
